Define the Problem Statements

Date	19 October 2022
Team ID	PNT2022TMID04303
Project Name	Project - Visualizing and Predicting Heart Diseases with an Interactive Dash Board
Maximum Marks	2 Marks

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	user	predict the disease earlier and take diagnosis.	I can't make sure whether I have a disease until I take doctor consultation	I don't have the right application for predicting the disease	scared and nervous
PS-2	user	know the results with greatest accuracy	It takes long time for the doctor to predict the lab results	I don't have the proper dashboard for the result identification	insecure
PS-3	user	take precautionary measures when I am unable to consult the doctor	there is no correct precaution tips as prescribed by the doctor	I don't find an application which could tell me about risk factors, symptoms and prevention tips	anxious
